Organic Cotton

Modern shapes made of eco-friendly cotton. Our durable organic cotton is 100% certified to the Organic Content Standard (OCS). This OCS certificate verifies the accurate amount of organically grown cotton in the final product. By abandoning toxic and persistent pesticides and fertilizers, we contribute to biological farming. These products are absolutely skin-friendly and offer a smooth surface: a perfect base for textile decorations.

Stedman[®] Ethics

Be smart, be responsible and change the world by choosing the right business partners. We rely on suppliers and producers who comply with the high ethical standards of our company.

Our CSR team (for Corporate Social Responsibility) monitors the production facilities in order to assure high standards in working conditions as well as environmental and social issues. We do not work with subcontractors. The CSR team screens our manufacturers with high diligence regarding work safety.

It is our responsibility to ensure that consumers are able to rely on our product safety. We monitor the quality of our supply chain assuring that the products we sell meet all government safety and quality standards on top of our own operating principles. Our garments and accessories comply with the regulations of OEKO-TEX[®] Standard 100. Hereby we can guarantee that all tested and certified textile products are free from pollutants that may be harmful to our health. The regulations are considered extremely important and therefore strictly enforced by Stedman[®]. www.oeko-tex.com

The Business Social Compliance Initiative (BSCI) is an initiative for companies committed to improving working conditions in their international supply chain. It is dedicated to the certification of facilities engaged in lawful, humane and ethical production. Its principles include, among others, the prohibition of forced labor, child labor, harassment and abuse. It also focuses on working hours, health and safety and the environment. Naturally Stedman[®] operates in a highly ethical and socially responsible manner and continuously carries out inspections to ensure that BSCI's guidelines are being adhered to. www.bsci-intl.org

Make the switch to organic cotton and help protect and conserve our water resources, replenish and improve soil fertility, improve land quality and our planet in general. Our organic cotton is 100% certified to the Organic Content Standard (OCS). This OCS certificate verifies the accurate amount of organically grown cotton in the final product. By abandoning toxic and persistent pesticides and fertilizers, we contribute to biological farming. www.textileexchange.org

Casual Fit

The Casual Fit has a comfortable width. These styles have the traditional straight cut that has been in style since the T-shirt was born. The classic T-shaped design still plays a very important role in the promotional market.

Regular Fit

The Regular Fit is currently the most popular shape in a T-shirt. These styles follow your body in a figure-flattering manner, without clinging to it. Styles with a Regular Fit often have side seams in order to achieve this much-loved shape.

Body Fit

Our Body Fit styles are slim cut and rather clinging to your body. Inspired by contemporary looks they satisfy the needs of modern promotional clothing. These styles are also great to wear as another layer such as underneath a polo shirt for a little extra warmth and comfort.

Oversized Fashion Fit

The concept of oversized clothing has taken over the fashion industry and we too love these clever tailored, chic shirts with great freedom of movement, yet completely fashionable. See our Oversized Fashion Fit Stedman® T-shirts on pages 20-21 & 27.

Stedman® Fabrics

T-shirts & more

Polyester "Jacquard-Pattern"

Moisture-wicking, smooth and stretchy fabric with a 2-colour pattern.

Polyester-Nylon "Jacquard-Pattern"

Seamless construction with a textured woven-in design. Moisture-wicking, durable and stretchy fabric with a 2-colour pattern.

Slub "Organic"

Soft fabric made of 100% organic ring-spun cotton with a unique slub structure: thinner and thicker sections in the yarn for a modern texturised look. Certified to the Organic Content Standard 100.

Single Jersey "Organic"

Soft fabric made of 100% organic ring-spun combed cotton – certified to the Organic Content Standard 100.

Single Jersey

A "single knit fabric" that is mainly used for manufacturing T-shirts due to its smooth and durable surface. Can be knitted flat or tubular.

Cotton-Elastane "Full Feeder"

The "full feeder" technology allows cotton and elastane threads to be evenly spread. Result: A soft, sleek and elastic fabric with a smooth surface.

Slub

Soft fabric with a unique slub structure: thinner and thicker sections in the yarn for a modern texturised look.

Polyester Interlock

The "double knit" construction makes it a thick and tight fabric that is very elastic and has a sleek and smooth surface.

Polyester Melange

Two different coloured polyester yarns are knitted to a polyester melange fabric for a modern appearance.

Cotton-Polyester Melange

Cotton yarn (60%) and polyester yarn (40%) are combined for this super soft melange-fabric with a fashionable look..

Polyester "Cotton Touch"

Fine, smooth polyester single jersey fabric that feels like cotton and offers great moisture control properties.

Bird-Eyelet Mesh

Soft and stretchy polyester mesh fabric that offers great moisture and temperature control properties at an incredibly light weight.

Finest Cotton

Soft and smooth combed cotton with a very light feel. The fine structure gives these T-shirts a premium look and high elasticity.

Polyester-Viscose

The viscose gives this fabric a soft and silky sensation. It feels light and offers a modern melange look.

Sweatshirts & Fleece

Sweatshirt

Thick and durable cotton-polyester-fabric. For its warming and fluffy properties it is brushed on the inside.

Power Fleece

Brushed on both sides this polyester power fleece has a plushy appearance. The ideal midweight allrounder.

Teddy Fleece

Super warm and cosy garment: A soft polyester micro fleece on the outside is bonded to a contrast-coloured teddy fleece on the inside.

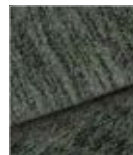

Knit Fleece

For a sophisticated look: A smooth surface with a premium knit structure on the outside and a soft brushed inner surface.

Micro Fleece

Warm and soft fabric: A lightweight and particularly breathable polyester micro fleece.

Melange Fleece

A polyester fleece with supreme warmth and a velvet-like touch. It has all micro fleece properties and a modern 2-colour melange look.

Bonded Fleece

A smooth and sleek polyester fabric on the outside is bonded to a soft brushed polyester fleece fabric on the inside. The result: A soft performance garment.

Jackets

Nylon (Pilot Jacket)

Water-resistant nylon fabric with a light polyester padding. Very comfortable to wear for extended periods due to its light weight.

Polyurethane (Biker Jackets)

Animal-friendly leather-look. Water-resistant, washable and lighter than real leather.

Polyester (Quilted Jackets)

Padded fabric with a superior warmth-to-weight ratio. Shell, lining and filling are made of polyester.

Nylon with Polyester (Padded Jackets)

Nylon fabric with a polyester filling: super warm at a very light weight.

Thick Polyester (Urban Padded Jackets)

This thick padded fabric offers the ideal amount of warmth. Shell, lining and filling are made of polyester.

Polyester-Elastane (Softest Shell Jackets)

A super light, wind- and water-resistant all-year layer with a highly flexible 4-way stretch in the shell. The light mesh inside gives these jackets more ease of movement.

Polo shirts

Single Jersey Piqué

A single jersey with piqué-look: sturdy fabric with a geometric texture like that of a waffle-weave.

True Cotton Piqué

Finest piqué fabric made of soft ring-spun combed cotton knitted in a true piqué way.

Polyester Piqué

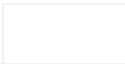

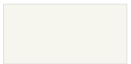

Polyester piqué fabric knitted in a true piqué way. Offers great moisture and temperature control.

For production reasons, the colours of the fabric swatches may differ from those of the actual products.

The PEFC Council (Programme for the Endorsement of Forest Certification schemes) is an independent, non-profit, nongovernmental organization, founded in 1999 which promotes sustainably managed forests through independent third party certification. The PEFC provides an assurance mechanism to purchasers of wood and paper products that they are promoting the sustainable management of forests.
